

Dear Store Manager,

I frequent your store often and have a request of you. I am hoping that you could carry Diana's Bananas Banana Babies. They come in three flavors and I'm anxious to buy them:

Milk Chocolate • Dark Chocolate • Milk Chocolate with Peanuts

They are a great healthy snack and are being recognized by nutritional professionals across the country as an exciting "better for you" snack. **Dr. Oz** has them on his national list of foods to eat.

They are sold through many distributors such as UNFI, KEHE, Tree of Live, DPI, White Rose, Bozzuto's, etc. and directly from the manufacturer.

For information on how to get their products please visit their website at **www.dianasbananas.com** and send them a note or call them directly at (773) 638-6800.

I would love to be notified once you've gotten them in.
